14.2 Manager actions
14.3 People Operations adjustments
14.4 Audit trail
14.5 System outage workaround
15 Exceptions, Escalations and Special Cases
15.1 Prospective exception requests
15.2 Extended leave cases
15.3 Operational blackout periods
15.4 Employee-relations escalation
15.5 People Governance Council escalation
16 Violations, Misuse and Records
16.1 Repeated attendance non-compliance
16.2 False attendance or leave records
16.3 Performance versus conduct boundary
16.4 Records retention and confidentiality
16.5 Audit and reporting

Document Governance and Use

Define the controlling internal rules and operating procedures for working hours, attendance, holidays, leave administration, time-away approvals, exceptions, and PeopleHub records.

Working hours, shifts, attendance, flexible schedules, leave categories, accrual, carry-forward, encashment, compensatory off, unpaid leave, holidays, approvals, emergencies, HRMS administration, violations and escalation.

Audience: Employees; People Managers; People Operations; payroll/HR operations interfaces; selected attendance provisions for interns or other workers when engagement terms require.

Controlled-source rule: Convenience copies, email extracts, screenshots and local notes do not supersede the controlled document or authoritative enterprise system for the relevant fact.

1 Purpose, Scope and Policy Status

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 1 Purpose, Scope and Policy Status | People & Culture | INTERNAL

Purpose, Scope and Policy Status establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

1.1 Purpose

Purpose is governed as part of Purpose, Scope and Policy Status. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For purpose, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T01 - Applicability by Employment Category

Category	Status	Banded	Core treatment
RFT	Regular Full-Time Employee	Yes	Indefinite-duration full-time employment under company terms.
RPT	Regular Part-Time Employee	Yes	Indefinite-duration part-time employment; benefits and attendance may be prorated by specialist policy.
FXT	Fixed-Term Employee	Yes	Employment for a stated term or project period; terms may differ where specialist policy states.
INT	Intern	No	Time-limited learning/work assignment; access and benefits are role-specific.
APP	Apprentice	No	Structured learning/work programme; specialist terms govern.
CTR	Individual Contractor	No	Individual providing contracted services directly or through an approved contracting arrangement.
CNS	Consultant	No	Specialist advisory or delivery resource engaged under a services arrangement.
TMP	Temporary Staff	No	Short-duration staffing resource supplied or engaged for operational need.
VND	Vendor Personnel	No	Personnel of an approved supplier with logical, physical, or service access to Aurelius resources.

1.2 Applicability by worker category

Applicability by worker category is governed as part of Purpose, Scope and Policy Status. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For applicability, worker, category, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

1.3 Relationship to the Employee Handbook

Relationship to the Employee Handbook is governed as part of Purpose, Scope and Policy Status. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For relationship, employee, handbook, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Related controlled source: Employee Handbook (HR-HBK-01) §7 - Employee-facing leave overview. This reference supplements this section and does not transfer ownership of unrelated rules.

1.4 Local, client and engagement variations

Local, client and engagement variations is governed as part of Purpose, Scope and Policy Status. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For local, client, engagement, variations, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

2 Definitions, Roles and Sources of Truth

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 2 Definitions, Roles and Sources of Truth | People & Culture | INTERNAL

Definitions, Roles and Sources of Truth establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

2.1 Employee and worker categories

Employee and worker categories is governed as part of Definitions, Roles and Sources of Truth. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For employee, worker, categories, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

2.2 People Manager and approval roles

People Manager and approval roles is governed as part of Definitions, Roles and Sources of Truth. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For people, manager, approval, roles, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

2.3 Business Day and holiday concepts

Business Day and holiday concepts is governed as part of Definitions, Roles and Sources of Truth. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For business, holiday, concepts, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S01: Part-time employee asks how leave accrual is prorated. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

2.4 PeopleHub as attendance and leave source of truth

PeopleHub as attendance and leave source of truth is governed as part of Definitions, Roles and Sources of Truth. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For peoplehub, attendance, leave, source, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

3.4 Client-site schedules

Client-site schedules is governed as part of Working Hours, Shifts and Scheduling. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For client, schedules, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

3.5 Part-time arrangements

Part-time arrangements is governed as part of Working Hours, Shifts and Scheduling. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For arrangements, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S02: Employee joins mid-year and questions the starting leave balance. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

3.6 Schedule changes and notice

Schedule changes and notice is governed as part of Working Hours, Shifts and Scheduling. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For schedule, changes, notice, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

3 Working Hours, Shifts and Scheduling - continued

4 Attendance and Time Recording

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 4 Attendance and Time Recording | People & Culture | INTERNAL

Attendance and Time Recording establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

4.1 Attendance expectations

Attendance expectations is governed as part of Attendance and Time Recording. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For attendance, expectations, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T03 - Attendance Correction Decision Table

Situation	Primary approver	Specialist concurrence	Evidence
Routine request	Line Manager / designated owner	As triggered	Business purpose + workflow record
Material or high-risk request	Functional Head / Business Owner	Security/Privacy/Legal/Finance as applicable	Risk and exception rationale
Enterprise exception	Executive Approver or governance committee	Policy Owner	Scope, conditions, expiry, review date

4.2 Check-in and time-recording methods

Check-in and time-recording methods is governed as part of Attendance and Time Recording. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For check, recording, methods, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4.3 Late arrival and early departure

Late arrival and early departure is governed as part of Attendance and Time Recording. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For arrival, early, departure, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4.4 Missed punches and corrections

Missed punches and corrections is governed as part of Attendance and Time Recording. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For missed, punches, corrections, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4.5 Attendance exceptions

Attendance exceptions is governed as part of Attendance and Time Recording. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For attendance, exceptions, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S03: Employee on probation requests a long planned absence. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

4.6 Manager review

Manager review is governed as part of Attendance and Time Recording. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For manager, review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

5.4 Holiday work and substitute time off

Compensatory off is available only for manager-authorized work on a company holiday or an approved non-working day where no alternate contractual treatment applies. It should normally be used within 60 calendar days and is not self-created by working voluntarily outside normal hours.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For holiday, substitute, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6 Leave Architecture, Eligibility and Accrual

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 6 Leave Architecture, Eligibility and Accrual | People & Culture | INTERNAL

Leave Architecture, Eligibility and Accrual establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

6.1 Eligibility framework

Eligibility framework is governed as part of Leave Architecture, Eligibility and Accrual. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For eligibility, framework, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S04: Client-site calendar conflicts with the employee home-site holiday. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

6.2 Accrual methods

Annual leave accrues monthly for eligible employees and is prorated for partial leave years, regular part-time schedules and eligible fixed-term service. Casual and sick leave are credited according to the leave-year configuration in PeopleHub. A displayed balance is an administrative record, not permission to take leave without required approval.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For accrual, methods, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6.3 Proration

Proration is governed as part of Leave Architecture, Eligibility and Accrual. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For proration, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6.4 Joining and separation year treatment

Joining and separation year treatment is governed as part of Leave Architecture, Eligibility and Accrual. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For joining, separation, treatment, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6.5 Probation-related treatment

Probation-related treatment is governed as part of Leave Architecture, Eligibility and Accrual. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For probation, related, treatment, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Related controlled source: Onboarding, Internal Transfer & Offboarding SOP (HR-SOP-06) §8 - Probation/confirmation lifecycle status. This reference supplements this section and does not transfer ownership of unrelated rules.

6.6 Balance adjustments and audit trail

Balance adjustments and audit trail is governed as part of Leave Architecture, Eligibility and Accrual. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For balance, adjustments, audit, trail, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6 Leave Architecture, Eligibility and Accrual - continued

7 Leave Categories and Entitlements

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 7 Leave Categories and Entitlements | People & Culture | INTERNAL

Leave Categories and Entitlements establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

7.1 Annual leave

Regular full-time employees receive 18 working days of annual leave per leave year. Regular part-time and fixed-term employees receive a prorated allocation based on scheduled work and eligible service. Annual leave is planned leave and should normally be requested at least five working days in advance for absences of three days or more.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For annual, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T04 - Leave Category Eligibility and Evidence Matrix

Leave type	Eligibility	Internal baseline	Key condition
Annual leave	RFT; RPT/FXT prorated	18 working days / leave year	Up to 12 carry forward
Casual leave	RFT; eligible employees	8 working days	No carry forward
Sick leave	RFT; eligible employees	12 working days	Evidence may be requested
Bereavement	Eligible employees	Up to 5 working days	Immediate-family event
Marriage	Eligible employees	Up to 5 working days	Once during Aurelius service
Study/exam	Approved development	Up to 5 working days/year	Manager support required
Sabbatical	5+ years eligible service	1-3 months unpaid	FH + People Operations approval

Operational scenario S05: Employee forgets to record attendance for three days and requests a correction. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

7.2 Casual leave

Regular full-time employees receive 8 working days of casual leave per leave year for short, unforeseen personal needs. Casual leave does not carry forward and normally may not exceed three consecutive working days without conversion to another eligible leave type.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For casual, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.3 Sick leave

Regular full-time employees receive 12 working days of sick leave per leave year. Medical evidence may be requested when an absence exceeds two consecutive working days, shows a recurring pattern, or is required for workplace accommodation or safety assessment.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7 Leave Categories and Entitlements - continued

7.4 Maternity leave

Aurelius provides an internal parental-leave framework that may include primary-caregiver, secondary-caregiver and adoption leave. People Operations must compare the internal benefit with any verified location-specific requirement and apply the more protective verified requirement where applicable; the handbook does not invent statutory rules.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For maternity, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.5 Paternity leave

Aurelius provides an internal parental-leave framework that may include primary-caregiver, secondary-caregiver and adoption leave. People Operations must compare the internal benefit with any verified location-specific requirement and apply the more protective verified requirement where applicable; the handbook does not invent statutory rules.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For paternity, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.6 Adoption leave

Aurelius provides an internal parental-leave framework that may include primary-caregiver, secondary-caregiver and adoption leave. People Operations must compare the internal benefit with any verified location-specific requirement and apply the more protective verified requirement where applicable; the handbook does not invent statutory rules.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For adoption, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7 Leave Categories and Entitlements - continued

Operational scenario S06: Employee reports sick after the scheduled shift already started. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

7.7 Bereavement leave

Up to 5 working days of bereavement leave may be approved for the death of an immediate family member. Additional time may be approved as annual leave or leave without pay based on circumstances.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For bereavement, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.8 Marriage leave

Up to 5 working days of marriage leave is available once during an employee's Aurelius service, subject to reasonable supporting evidence and manager approval.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For marriage, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.9 Study leave

Up to 5 working days of study/examination leave per leave year may be approved when the learning is relevant to the employee's current or planned role and is supported by the manager.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For study, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7 Leave Categories and Entitlements - continued

7.10 Sabbatical leave

Employees with at least five years of continuous eligible service may request an unpaid sabbatical of one to three months. Approval requires the Functional Head and People Operations and depends on delivery coverage, performance standing and a documented return plan.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For sabbatical, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.11 Other approved special leave

Other approved special leave is governed as part of Leave Categories and Entitlements. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For other, approved, special, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7 Leave Categories and Entitlements - continued

Operational scenario S07: Manager is unreachable and planned leave starts the next morning. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

8 Leave Request and Approval Workflow

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 8 Leave Request and Approval Workflow | People & Culture | INTERNAL

Leave Request and Approval Workflow establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

8.1 Planned leave request

Planned leave request is governed as part of Leave Request and Approval Workflow. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For planned, leave, request, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T05 - Leave Approval Matrix

Leave type	Eligibility	Internal baseline	Key condition
Annual leave	RFT; RPT/FXT prorated	18 working days / leave year	Up to 12 carry forward
Casual leave	RFT; eligible employees	8 working days	No carry forward
Sick leave	RFT; eligible employees	12 working days	Evidence may be requested
Bereavement	Eligible employees	Up to 5 working days	Immediate-family event
Marriage	Eligible employees	Up to 5 working days	Once during Aurelius service
Study/exam	Approved development	Up to 5 working days/year	Manager support required
Sabbatical	5+ years eligible service	1-3 months unpaid	FH + People Operations approval

8.2 Manager approval

Manager approval is governed as part of Leave Request and Approval Workflow. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For manager, approval, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

8.3 Multi-level or specialist approval

Multi-level or specialist approval is governed as part of Leave Request and Approval Workflow. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For multi, level, specialist, approval, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

8.4 Project/delivery coordination

Project/delivery coordination is governed as part of Leave Request and Approval Workflow. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For project, delivery, coordination, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

8.5 Approval conflicts and delegation

Approval conflicts and delegation is governed as part of Leave Request and Approval Workflow. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For approval, conflicts, delegation, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

8.6 Cancellation and modification

Cancellation and modification is governed as part of Leave Request and Approval Workflow. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For cancellation, modification, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9 Emergency, Unplanned and Medical Absence

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 9 Emergency, Unplanned and Medical Absence | People & Culture | INTERNAL

Emergency, Unplanned and Medical Absence establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

9.1 Emergency notification

Emergency notification is governed as part of Emergency, Unplanned and Medical Absence. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For emergency, notification, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T06 - Unplanned Absence Escalation Matrix

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record
Operational scenario S08: Employee asks to convert unused annual leave into compensatory off. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.		

9.2 Sick absence recording

Sick absence recording is governed as part of Emergency, Unplanned and Medical Absence. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For absence, recording, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9.3 Extended absence documentation

Extended absence documentation is governed as part of Emergency, Unplanned and Medical Absence. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For extended, absence, documentation, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9.4 Manager unable to contact employee

Manager unable to contact employee is governed as part of Emergency, Unplanned and Medical Absence. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For manager, unable, contact, employee, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9.5 Return-to-work administration

Return-to-work administration is governed as part of Emergency, Unplanned and Medical Absence. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For return, administration, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9 Emergency, Unplanned and Medical Absence - continued

10 Leave Without Pay

Leave Without Pay establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

10.1 When unpaid leave may be requested

When unpaid leave may be requested is governed as part of Leave Without Pay. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For unpaid, leave, requested, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

10.2 Approval route

Approval route is governed as part of Leave Without Pay. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For approval, route, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S09: Employee works on a company holiday and wants substitute time off. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

10.3 Payroll and benefit handoffs

Payroll and benefit handoffs is governed as part of Leave Without Pay. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For payroll, benefit, handoffs, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

10.4 Return date and extension

Return date and extension is governed as part of Leave Without Pay. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For return, extension, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

10.5 Interaction with performance/lifecycle processes

Interaction with performance/lifecycle processes is governed as part of Leave Without Pay. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For interaction, performance, lifecycle, processes, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

11 Compensatory Off and Holiday Work

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 11 Compensatory Off and Holiday Work | People & Culture | INTERNAL

Compensatory Off and Holiday Work establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

11.1 Eligibility conditions

Eligibility conditions is governed as part of Compensatory Off and Holiday Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For eligibility, conditions, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T07 - Compensatory Off Qualification Matrix

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record

11.2 Recording qualifying work

Recording qualifying work is governed as part of Compensatory Off and Holiday Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For recording, qualifying, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

11.3 Approval and expiry

Approval and expiry is governed as part of Compensatory Off and Holiday Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For approval, expiry, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

11.4 Prohibited substitution for overtime/payment arrangements

Prohibited substitution for overtime/payment arrangements is governed as part of Compensatory Off and Holiday Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For prohibited, substitution, overtime, payment, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S10: Employee exceeds available paid leave and requests an extension as unpaid leave. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

12 Carry-Forward, Expiry and Encashment

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 12 Carry-Forward, Expiry and Encashment | People & Culture | INTERNAL

Carry-Forward, Expiry and Encashment establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

12.1 Carry-forward rules

At leave-year close, up to 12 unused annual-leave days may carry forward for eligible employees. Amounts above the carry-forward ceiling expire unless People Governance Council has approved a documented exception for a business-caused inability to take leave.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For carry, forward, rules, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T08 - Carry-Forward/Expiry/Encashment Matrix

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record

12.2 Expiry rules

Expiry rules is governed as part of Carry-Forward, Expiry and Encashment. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For expiry, rules, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

12.3 Encashment events

Aurelius does not provide routine in-service annual-leave encashment. At separation, up to 10 eligible unused annual-leave days may be settled under the company payroll process unless a verified external requirement or individual term requires a different treatment.

People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For encashment, events, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

12.4 Separation treatment

Separation treatment is governed as part of Carry-Forward, Expiry and Encashment. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For separation, treatment, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

12.5 Corrections and disputes

Corrections and disputes is governed as part of Carry-Forward, Expiry and Encashment. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For corrections, disputes, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13 Attendance During Remote, Hybrid and Client-Site Work

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 13 Attendance During Remote, Hybrid and Client-Site Work | People & Culture | INTERNAL

Attendance During Remote, Hybrid and Client-Site Work establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

13.1 Remote attendance evidence

Remote attendance evidence is governed as part of Attendance During Remote, Hybrid and Client-Site Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For remote, attendance, evidence, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13.2 Hybrid schedules

Hybrid schedules is governed as part of Attendance During Remote, Hybrid and Client-Site Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For hybrid, schedules, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S11: PeopleHub is unavailable during an emergency absence. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

13.3 Client-controlled time systems

Client-controlled time systems is governed as part of Attendance During Remote, Hybrid and Client-Site Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For client, controlled, systems, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13.4 Conflicting records

Conflicting records is governed as part of Attendance During Remote, Hybrid and Client-Site Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For conflicting, records, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13.5 Travel-day attendance

Travel-day attendance is governed as part of Attendance During Remote, Hybrid and Client-Site Work. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For travel, attendance, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

14 PeopleHub Administration and Corrections

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 14 PeopleHub Administration and Corrections | People & Culture | INTERNAL

PeopleHub Administration and Corrections establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

14.1 Employee self-service

Employee self-service is governed as part of PeopleHub Administration and Corrections. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For employee, service, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T09 - PeopleHub Adjustment Authority Matrix

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record

14.2 Manager actions

Manager actions is governed as part of PeopleHub Administration and Corrections. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For manager, actions, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

14.3 People Operations adjustments

People Operations adjustments is governed as part of PeopleHub Administration and Corrections. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For people, operations, adjustments, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

14.4 Audit trail

Audit trail is governed as part of PeopleHub Administration and Corrections. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For audit, trail, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S12: Repeated attendance issues occur while a PIP is already active. Apply the requirements in Leave and Attendance Policy & Procedures Manual to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

14.5 System outage workaround

System outage workaround is governed as part of PeopleHub Administration and Corrections. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For system, outage, workaround, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15 Exceptions, Escalations and Special Cases

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 15 Exceptions, Escalations and Special Cases | People & Culture | INTERNAL

Exceptions, Escalations and Special Cases establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

Prospective exception requests is governed as part of Exceptions, Escalations and Special Cases. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For prospective, exception, requests, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-LV-07-T10 - Exception Approval Matrix

Situation	Primary approver	Specialist concurrence	Evidence
Routine request	Line Manager / designated owner	As triggered	Business purpose + workflow record
Material or high-risk request	Functional Head / Business Owner	Security/Privacy/Legal/Finance as applicable	Risk and exception rationale
Enterprise exception	Executive Approver or governance committee	Policy Owner	Scope, conditions, expiry, review date

15.2 Extended leave cases

Extended leave cases is governed as part of Exceptions, Escalations and Special Cases. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For extended, leave, cases, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15.3 Operational blackout periods

Operational blackout periods is governed as part of Exceptions, Escalations and Special Cases. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For operational, blackout, periods, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15.4 Employee-relations escalation

Employee-relations escalation is governed as part of Exceptions, Escalations and Special Cases. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For employee, relations, escalation, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15.5 People Governance Council escalation

People Governance Council escalation is governed as part of Exceptions, Escalations and Special Cases. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For people, governance, council, escalation, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16 Violations, Misuse and Records

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section 16 Violations, Misuse and Records | People & Culture | INTERNAL

Violations, Misuse and Records establishes the requirements, responsibilities and decision rules that apply within this part of Leave and Attendance Policy & Procedures Manual. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

16.1 Repeated attendance non-compliance

Repeated attendance non-compliance is governed as part of Violations, Misuse and Records. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For repeated, attendance, compliance, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16.2 False attendance or leave records

False attendance or leave records is governed as part of Violations, Misuse and Records. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For false, attendance, leave, records, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16.3 Performance versus conduct boundary

Performance versus conduct boundary is governed as part of Violations, Misuse and Records. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For performance, versus, conduct, boundary, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Related controlled source: Performance Management & Career Development Policy (HR-PM-08) §15 - Performance versus attendance consequence boundary. This reference supplements this section and does not transfer ownership of unrelated rules.

16.4 Records retention and confidentiality

Records retention and confidentiality is governed as part of Violations, Misuse and Records. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For records, retention, confidentiality, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16.5 Audit and reporting

Audit and reporting is governed as part of Violations, Misuse and Records. People Operations applies the rule consistently through PeopleHub while managers remain accountable for timely, evidence-based decisions.

For audit, reporting, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. Approvals must reflect staffing needs, employee eligibility and the recorded employment category; informal verbal arrangements are not a substitute for the required workflow.

- Employees submit accurate attendance and leave information promptly.
- Managers plan coverage, decide routine requests fairly and avoid pressuring employees to misclassify time.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Appendices, Forms and Checklists

Leave and Attendance Policy & Procedures Manual | HR-LV-07 | v5.4 | Effective 2026-06-01 | Section Appendices Controlled execution aids | People & Culture | INTERNAL

HR-LV-07-AA Leave and Attendance Definitions

Term	Controlled meaning
Worker	Umbrella term covering employees and non-employee workers with an Aurelius work relationship or approved access.
Employee	Worker in RFT, RPT, or FXT category. Interns, apprentices, contractors, consultants, temporary staff, and vendor personnel are not called Employees unless a specific engagement record explicitly says otherwise.
Non-Employee Worker	Worker in INT, APP, CTR, CNS, TMP, or VND category for registry purposes.
People Manager	Manager with formal direct reports in PeopleHub. A project lead is not automatically a People Manager.
Line Manager	The PeopleHub-recorded manager responsible for routine people approvals and supervision.
Exception	Prospective, documented, time-bounded authorization to deviate from a stated internal requirement under an approved process.
Record	Information retained as evidence of a business decision, transaction, approval, obligation, incident, or controlled activity.
Source of Truth	Designated authoritative system or controlled document for a particular fact or process. Convenience copies do not override it.
