Revision History

HR-PM-08-RH01 - Revision History

Version	Effective / status	Meaningful change
3.0	Prior controlled release	Initial controlled issue and consolidation of predecessor guidance.
3.5	Prior controlled release	Expanded scope, roles and source-of-truth controls.
4.0	Prior controlled release	Aligned enterprise systems, approval vocabulary and document interfaces.
4.4	Prior controlled release	Added clearer exception, recordkeeping and manager/accountability rules.
4.7	Prior controlled release	Refreshed operational workflows, conditional rules and cross-document handoffs.
5.0	2026-04-01	Current release aligned to enterprise governance baseline and approved process design.

Precedence: This document controls only within its approved subject. Specialist policies, standards and procedures control detailed requirements in their own subject matter; unresolved conflicts are escalated to the relevant Policy Owners.

Table of Contents

1 Purpose, Scope and Performance Principles
- 1.1 Applicability
- 1.2 Fairness and evidence
- 1.3 Manager accountability
- 1.4 Relationship to conduct and employment processes

2 Performance Cycle and Governance
- 2.1 Annual cycle
- 2.2 Quarterly check-ins
- 2.3 Mid-year review
- 2.4 Year-end review
- 2.5 Governance roles
- 2.6 PeopleHub performance records

3 Role Profiles and Competency Model
- 3.1 Role expectations
- 3.2 Band-based competencies
- 3.3 Leadership competencies
- 3.4 Role change handling
- 3.5 Specialist career tracks

4 Goal Setting: OKRs and KPIs
- 4.1 Goal quality
- 4.2 Outcome and behaviour balance
- 4.3 Team versus individual goals
- 4.4 Changed priorities
- 4.5 Goal approval
- 4.6 Evidence

5 Ongoing Check-Ins and Feedback
- 5.1 Manager check-ins
- 5.2 Employee self-reflection
- 5.3 Documenting feedback
- 5.4 Changed role/project
- 5.5 Performance support

6 Mid-Year Review
- 6.1 Self review
- 6.2 Manager assessment
- 6.3 Evidence review
- 6.4 Development updates
- 6.5 Escalations

7 Year-End Review
- 7.1 Employee submission
- 7.2 Manager assessment
- 7.3 Evidence requirements
- 7.4 Draft rating
- 7.5 Review completion

8 Performance Rating Framework
- 8.1 Rating scale design
- 8.2 Evidence standards
- 8.3 Behaviour/competency consideration
- 8.4 Rating exclusions
- 8.5 Unrated/insufficient observation cases

9 Calibration
- 9.1 Purpose
- 9.2 Calibration groups
- 9.3 Evidence challenge
- 9.4 Conflict handling
- 9.5 Finalization
- 9.6 Audit trail

10 Promotion Framework
- 10.1 Eligibility considerations
- 10.2 Readiness evidence
- 10.3 Role availability and business need
- 10.4 Promotion panels
- 10.5 Approval and effective date
- 10.6 Lifecycle handoff

11 Merit Increase and Variable Pay Interface
- 11.1 Performance input
- 11.2 Finance/compensation governance boundary
- 11.3 Non-guarantee principle
- 11.4 Data handoff
- 11.5 Communication

12 Individual Development Plans
- 12.1 Development objectives
- 12.2 Experiential learning
- 12.3 Mentoring/coaching
- 12.4 Progress review
- 12.5 Documentation

13 Learning and Skill Development
- 13.1 Mandatory versus developmental learning
- 13.2 LearnSphere records
- 13.3 Role-based curricula
- 13.4 Certification evidence
- 13.5 Learning investment approvals boundary

14 High Performers and Succession Planning
- 14.1 Identification
- 14.2 Talent review
- 14.3 Development actions
- 14.4 Succession slates
- 14.5 Confidentiality

15 Underperformance and Performance Improvement Plans
- 15.1 Early support
- 15.2 PIP entry criteria
- 15.3 PIP objectives and evidence
- 15.4 Review cadence
- 15.5 Successful completion
- 15.6 Unsuccessful outcome handoff
- 15.7 Conduct issue boundary

16 360-Degree and Multi-Source Feedback
- 16.1 When used
- 16.2 Respondent selection
- 16.3 Confidentiality
- 16.4 Development versus rating use
- 16.5 Misuse prevention

17 Career Levels and Internal Mobility
- 17.1 Band structure
- 17.2 Lateral development
- 17.3 Career pathways
- 17.4 Internal applications
- 17.5 Transfer procedure handoff

18 Manager and Employee Responsibilities
- 18.1 Employee responsibilities
- 18.2 People Manager responsibilities
- 18.3 Functional Head responsibilities
- 18.4 Talent & Performance responsibilities

19 Appeals, Exceptions and Special Cases
- 19.1 Rating concern review

19.2 Manager change
19.3 Extended leave
19.4 Insufficient observation
19.5 Exception governance

20 Records, Analytics and Assurance

20.1 Performance records
20.2 Access and confidentiality
20.3 Analytics use
20.4 Bias monitoring
20.5 Audit and policy review

Document Governance and Use

Define the performance management and career development framework for banded employees, including goals, reviews, ratings, calibration, promotion, development, PIP, succession and mobility interfaces.

Performance cycle, OKRs/KPIs, competencies, quarterly/mid-year/annual reviews, ratings, calibration, promotions, merit/variable pay interface, PIPs, high performers, succession, internal mobility, career levels, learning and 360 feedback.

Audience: Banded employees; People Managers; Functional Heads; Talent & Performance; People Operations; calibration participants.

Controlled-source rule: Convenience copies, email extracts, screenshots and local notes do not supersede the controlled document or authoritative enterprise system for the relevant fact.

1 Purpose, Scope and Performance Principles

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 1 Purpose, Scope and Performance Principles | People & Culture | INTERNAL

Purpose, Scope and Performance Principles establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

1.1 Applicability

Applicability is governed as part of Purpose, Scope and Performance Principles. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For applicability, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

1.2 Fairness and evidence

Fairness and evidence is governed as part of Purpose, Scope and Performance Principles. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For fairness, evidence, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

1.3 Manager accountability

Manager accountability is governed as part of Purpose, Scope and Performance Principles. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For manager, accountability, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

1.4 Relationship to conduct and employment processes

Relationship to conduct and employment processes is governed as part of Purpose, Scope and Performance Principles. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For relationship, conduct, employment, processes, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

2 Performance Cycle and Governance

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 2 Performance Cycle and Governance | People & Culture | INTERNAL

Performance Cycle and Governance establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

2.1 Annual cycle

Annual cycle is governed as part of Performance Cycle and Governance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For annual, cycle, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T01 - Performance Cycle Calendar

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record

2.2 Quarterly check-ins

Quarterly check-ins is governed as part of Performance Cycle and Governance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For quarterly, check, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

2.3 Mid-year review

Mid-year review is governed as part of Performance Cycle and Governance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

2.4 Year-end review

Year-end review is governed as part of Performance Cycle and Governance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S01: Employee changes manager two months before year-end. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

2.5 Governance roles

Governance roles is governed as part of Performance Cycle and Governance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For governance, roles, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

2.6 PeopleHub performance records

PeopleHub performance records is governed as part of Performance Cycle and Governance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For peoplehub, performance, records, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

3 Role Profiles and Competency Model

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 3 Role Profiles and Competency Model | People & Culture | INTERNAL

Role Profiles and Competency Model establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

3.1 Role expectations

Role expectations is governed as part of Role Profiles and Competency Model. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For expectations, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

3.2 Band-based competencies

Band-based competencies is governed as part of Role Profiles and Competency Model. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For based, competencies, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T02 - Band Competency Matrix

Band	Label	Typical titles	Leadership expectation
Band 1	Associate	Graduate Engineer, Associate Analyst, Support Associate, Junior Consultant	Individual contributor; supervised delivery
Band 2	Professional	Engineer I, Analyst, Consultant, Specialist	Independent contributor within defined scope
Band 3	Senior Professional	Senior Engineer, Senior Analyst, Senior Consultant, Senior Specialist	Advanced contributor; may mentor or lead work packages
Band 4	Lead / Manager	Lead Engineer, Lead Analyst, Manager, Delivery Lead	Team/workstream leadership or senior individual contribution; may hold people or budget responsibility
Band 5	Principal / Senior Manager	Principal Engineer, Senior Manager, Principal Consultant, Product Manager	Multi-team or major-domain accountability
Band 6	Director	Director, Engineering Director, Practice Director, Senior Principal	Department/practice leadership; significant budget, people, or technical authority
Band 7	Vice President	Vice President, Senior Vice President, Executive Vice President	Major function/sub-function leadership and delegated executive authority
Band 8	Executive Leadership	Chief Executive, Chief Officer, General Counsel	Enterprise executive accountability

3.3 Leadership competencies

Leadership competencies is governed as part of Role Profiles and Competency Model. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For leadership, competencies, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

3.4 Role change handling

Role change handling is governed as part of Role Profiles and Competency Model. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For change, handling, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

3.5 Specialist career tracks

Specialist career tracks is governed as part of Role Profiles and Competency Model. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For specialist, career, tracks, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4 Goal Setting: OKRs and KPIs

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 4 Goal Setting: OKRs and KPIs | People & Culture | INTERNAL

Goal Setting: OKRs and KPIs establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

4.1 Goal quality

Goal quality is governed as part of Goal Setting: OKRs and KPIs. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For quality, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T03 - Goal Quality Checklist

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record
Operational scenario S02: Employee is on extended leave during calibration. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.		

4.2 Outcome and behaviour balance

Outcome and behaviour balance is governed as part of Goal Setting: OKRs and KPIs. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For outcome, behaviour, balance, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4.3 Team versus individual goals

Team versus individual goals is governed as part of Goal Setting: OKRs and KPIs. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For versus, individual, goals, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4.4 Changed priorities

Changed priorities is governed as part of Goal Setting: OKRs and KPIs. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For changed, priorities, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4.5 Goal approval

Goal approval is governed as part of Goal Setting: OKRs and KPIs. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For approval, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4.6 Evidence

Evidence is governed as part of Goal Setting: OKRs and KPIs. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For evidence, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

4 Goal Setting: OKRs and KPIs - continued

5 Ongoing Check-Ins and Feedback

Ongoing Check-Ins and Feedback establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

5.1 Manager check-ins

Manager check-ins is governed as part of Ongoing Check-Ins and Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For manager, check, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

5.2 Employee self-reflection

Employee self-reflection is governed as part of Ongoing Check-Ins and Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For employee, reflection, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S03: Band 3 employee performs Band 4-like tasks but no approved role exists. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

5.3 Documenting feedback

Documenting feedback is governed as part of Ongoing Check-Ins and Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For documenting, feedback, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

5.4 Changed role/project

Changed role/project is governed as part of Ongoing Check-Ins and Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For changed, project, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

5.5 Performance support

Performance support is governed as part of Ongoing Check-Ins and Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For performance, support, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6 Mid-Year Review

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 6 Mid-Year Review | People & Culture | INTERNAL

Mid-Year Review establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

6.1 Self review

Self review is governed as part of Mid-Year Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6.2 Manager assessment

Manager assessment is governed as part of Mid-Year Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For manager, assessment, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6.3 Evidence review

Evidence review is governed as part of Mid-Year Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For evidence, review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6.4 Development updates

Development updates is governed as part of Mid-Year Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For development, updates, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

6.5 Escalations

Escalations is governed as part of Mid-Year Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For escalations, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S04: Manager proposes a promotion based only on tenure. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

7 Year-End Review

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 7 Year-End Review | People & Culture | INTERNAL

Year-End Review establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

7.1 Employee submission

Employee submission is governed as part of Year-End Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For employee, submission, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.2 Manager assessment

Manager assessment is governed as part of Year-End Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For manager, assessment, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.3 Evidence requirements

Evidence requirements is governed as part of Year-End Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For evidence, requirements, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.4 Draft rating

Draft rating is governed as part of Year-End Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For draft, rating, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7.5 Review completion

Review completion is governed as part of Year-End Review. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For review, completion, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

7 Year-End Review - continued

8 Performance Rating Framework

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 8 Performance Rating Framework | People & Culture | INTERNAL

Performance Rating Framework establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

8.1 Rating scale design

Rating scale design is governed as part of Performance Rating Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For rating, scale, design, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T04 - Rating Framework

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record
Operational scenario S05: Employee has strong outcomes but repeated conduct concerns under investigation. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.		

8.2 Evidence standards

Evidence standards is governed as part of Performance Rating Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For evidence, standards, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

8.3 Behaviour/competency consideration

Behaviour/competency consideration is governed as part of Performance Rating Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For behaviour, competency, consideration, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

8.4 Rating exclusions

Rating exclusions is governed as part of Performance Rating Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For rating, exclusions, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

8.5 Unrated/insufficient observation cases

Unrated/insufficient observation cases is governed as part of Performance Rating Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For unrated, insufficient, observation, cases, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9 Calibration

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 9 Calibration | People & Culture | INTERNAL

Calibration establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

9.1 Purpose

Purpose is governed as part of Calibration. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For purpose, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9.2 Calibration groups

Calibration compares evidence and standards across comparable roles. Managers must bring documented outcomes, scope and behavior evidence, not advocacy based on tenure, visibility or personal preference. A calibration forum may adjust a proposed rating, but the final rationale must be recorded and communicated by the accountable manager.

Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For calibration, groups, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T05 - Calibration Decision Matrix

Situation	Primary approver	Specialist concurrence	Evidence
Routine request	Line Manager / designated owner	As triggered	Business purpose + workflow record
Material or high-risk request	Functional Head / Business Owner	Security/Privacy/Legal/Finance as applicable	Risk and exception rationale
Enterprise exception	Executive Approver or governance committee	Policy Owner	Scope, conditions, expiry, review date

9.3 Evidence challenge

Evidence challenge is governed as part of Calibration. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For evidence, challenge, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9.4 Conflict handling

Conflict handling is governed as part of Calibration. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For conflict, handling, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S06: PIP begins after several months of informal coaching. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

9.5 Finalization

Finalization is governed as part of Calibration. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For finalization, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

9.6 Audit trail

Audit trail is governed as part of Calibration. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For audit, trail, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

10 Promotion Framework

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 10 Promotion Framework | People & Culture | INTERNAL

Promotion Framework establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

10.1 Eligibility considerations

Eligibility considerations is governed as part of Promotion Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For eligibility, considerations, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T06 - Promotion Readiness Matrix

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record

10.2 Readiness evidence

Readiness evidence is governed as part of Promotion Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For readiness, evidence, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

10.3 Role availability and business need

Role availability and business need is governed as part of Promotion Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For availability, business, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

10.4 Promotion panels

Promotion requires sustained performance at or above current-role expectations, demonstrated readiness for the next level, a valid role/business need and an approved position. Twelve months in the current role is the normal minimum before consideration; an exception requires Functional Head and Talent & Performance approval. Promotion is not automatic after a particular tenure or rating.

Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For promotion, panels, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

10.5 Approval and effective date

Approval and effective date is governed as part of Promotion Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For approval, effective, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S07: Employee meets PIP objectives but manager wants immediate separation anyway. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

10.6 Lifecycle handoff

Lifecycle handoff is governed as part of Promotion Framework. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For lifecycle, handoff, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Related controlled source: Onboarding, Internal Transfer & Offboarding SOP (HR-SOP-06) §10 - Promotion processing. This reference supplements this section and does not transfer ownership of unrelated rules.

10 Promotion Framework - continued

11 Merit Increase and Variable Pay Interface

Merit Increase and Variable Pay Interface establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

11.1 Performance input

Performance input is governed as part of Merit Increase and Variable Pay Interface. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For performance, input, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

11.2 Finance/compensation governance boundary

Finance/compensation governance boundary is governed as part of Merit Increase and Variable Pay Interface. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For finance, compensation, governance, boundary, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

11.3 Non-guarantee principle

Non-guarantee principle is governed as part of Merit Increase and Variable Pay Interface. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For guarantee, principle, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

11.4 Data handoff

Data handoff is governed as part of Merit Increase and Variable Pay Interface. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For handoff, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

11.5 Communication

Communication is governed as part of Merit Increase and Variable Pay Interface. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For communication, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

12 Individual Development Plans

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 12 Individual Development Plans | People & Culture | INTERNAL

Individual Development Plans establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

12.1 Development objectives

Development objectives is governed as part of Individual Development Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For development, objectives, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

12.2 Experiential learning

Experiential learning is governed as part of Individual Development Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For experiential, learning, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T07 - Development Plan Template Matrix

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record

12.3 Mentoring/coaching

Mentoring/coaching is governed as part of Individual Development Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For mentoring, coaching, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S08: Two managers provide conflicting feedback after a project transfer. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

12.4 Progress review

Progress review is governed as part of Individual Development Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For progress, review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

12.5 Documentation

Documentation is governed as part of Individual Development Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For documentation, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13 Learning and Skill Development

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 13 Learning and Skill Development | People & Culture | INTERNAL

Learning and Skill Development establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

13.1 Mandatory versus developmental learning

Mandatory versus developmental learning is governed as part of Learning and Skill Development. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For mandatory, versus, developmental, learning, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13.2 LearnSphere records

LearnSphere records is governed as part of Learning and Skill Development. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For learnsphere, records, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13.3 Role-based curricula

Role-based curricula is governed as part of Learning and Skill Development. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For based, curricula, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13.4 Certification evidence

Certification evidence is governed as part of Learning and Skill Development. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For certification, evidence, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

13.5 Learning investment approvals boundary

Learning investment approvals boundary is governed as part of Learning and Skill Development. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For learning, investment, approvals, boundary, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

14 High Performers and Succession Planning

High Performers and Succession Planning establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

14.1 Identification

Identification is governed as part of High Performers and Succession Planning. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For identification, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

14.2 Talent review

Talent review is governed as part of High Performers and Succession Planning. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For talent, review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

14.3 Development actions

Development actions is governed as part of High Performers and Succession Planning. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For development, actions, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S09: Employee wants anonymous 360 comments used as the sole basis for a rating. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

14.4 Succession slates

Succession slates is governed as part of High Performers and Succession Planning. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For succession, slates, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

14.5 Confidentiality

Confidentiality is governed as part of High Performers and Succession Planning. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For confidentiality, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15 Underperformance and Performance Improvement Plans

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 15 Underperformance and Performance Improvement Plans | People & Culture | INTERNAL

Underperformance and Performance Improvement Plans establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

15.1 Early support

Early support is governed as part of Underperformance and Performance Improvement Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For early, support, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T08 - PIP Governance Matrix

Control point	Required treatment	Evidence
Business purpose	Must be defined before action or approval	Request/workflow record
Independent approval	No self-approval where requester benefits or is conflicted	Approval history
Specialist trigger	Route Security/Privacy/Legal/Finance/HR review when criteria apply	Concurrence record
Exception	Document scope, justification, controls and expiry	Approved exception record

15.2 PIP entry criteria

PIP entry criteria is governed as part of Underperformance and Performance Improvement Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For entry, criteria, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15.3 PIP objectives and evidence

PIP objectives and evidence is governed as part of Underperformance and Performance Improvement Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For objectives, evidence, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15.4 Review cadence

Review cadence is governed as part of Underperformance and Performance Improvement Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For review, cadence, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15.5 Successful completion

Successful completion is governed as part of Underperformance and Performance Improvement Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For successful, completion, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S10: High performer is nominated for succession without being told. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

15.6 Unsuccessful outcome handoff

Unsuccessful outcome handoff is governed as part of Underperformance and Performance Improvement Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For unsuccessful, outcome, handoff, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15.7 Conduct issue boundary

Conduct issue boundary is governed as part of Underperformance and Performance Improvement Plans. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For conduct, issue, boundary, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

15 Underperformance and Performance Improvement Plans - continued

16 360-Degree and Multi-Source Feedback

360-Degree and Multi-Source Feedback establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

16.1 When used

When used is governed as part of 360-Degree and Multi-Source Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For this activity, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16.2 Respondent selection

Respondent selection is governed as part of 360-Degree and Multi-Source Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For respondent, selection, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16.3 Confidentiality

Confidentiality is governed as part of 360-Degree and Multi-Source Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For confidentiality, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16.4 Development versus rating use

Development versus rating use is governed as part of 360-Degree and Multi-Source Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For development, versus, rating, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

16.5 Misuse prevention

Misuse prevention is governed as part of 360-Degree and Multi-Source Feedback. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For misuse, prevention, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

17 Career Levels and Internal Mobility

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 17 Career Levels and Internal Mobility | People & Culture | INTERNAL

Career Levels and Internal Mobility establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

17.1 Band structure

Band structure is governed as part of Career Levels and Internal Mobility. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For structure, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

17.2 Lateral development

Lateral development is governed as part of Career Levels and Internal Mobility. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For lateral, development, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Operational scenario S11: Employee disputes a rating and claims retaliation for an ethics report. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.

17.3 Career pathways

Career pathways is governed as part of Career Levels and Internal Mobility. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For career, pathways, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

17.4 Internal applications

Internal applications is governed as part of Career Levels and Internal Mobility. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For internal, applications, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

17.5 Transfer procedure handoff

Transfer procedure handoff is governed as part of Career Levels and Internal Mobility. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For transfer, procedure, handoff, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

Related controlled source: Onboarding, Internal Transfer & Offboarding SOP (HR-SOP-06) §9 - Internal transfer execution. This reference supplements this section and does not transfer ownership of unrelated rules.

18 Manager and Employee Responsibilities

Manager and Employee Responsibilities establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

18.1 Employee responsibilities

Employee responsibilities is governed as part of Manager and Employee Responsibilities. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For employee, responsibilities, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

18.2 People Manager responsibilities

People Manager responsibilities is governed as part of Manager and Employee Responsibilities. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For people, manager, responsibilities, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

18.3 Functional Head responsibilities

Functional Head responsibilities is governed as part of Manager and Employee Responsibilities. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For functional, responsibilities, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

18.4 Talent & Performance responsibilities

Talent & Performance responsibilities is governed as part of Manager and Employee Responsibilities. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For talent, performance, responsibilities, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

19 Appeals, Exceptions and Special Cases

Performance Management & Career Development Policy | HR-PM-08 | v5.0 | Effective 2026-04-01 | Section 19 Appeals, Exceptions and Special Cases | People & Culture | INTERNAL

Appeals, Exceptions and Special Cases establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

19.1 Rating concern review

Rating concern review is governed as part of Appeals, Exceptions and Special Cases. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For rating, concern, review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

19.2 Manager change

Manager change is governed as part of Appeals, Exceptions and Special Cases. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For manager, change, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-T09 - Special Case Decision Table

Situation	Primary approver	Specialist concurrence	Evidence
Routine request	Line Manager / designated owner	As triggered	Business purpose + workflow record
Material or high-risk request	Functional Head / Business Owner	Security/Privacy/Legal/Finance as applicable	Risk and exception rationale
Enterprise exception	Executive Approver or governance committee	Policy Owner	Scope, conditions, expiry, review date
Operational scenario S12: Fixed-term employee reaches year-end shortly before contract expiry. Apply the requirements in Performance Management & Career Development Policy to the facts, confirm the relevant source-of-truth record and route any specialist issue to the controlling document or function. If a required fact is missing, do not invent it; obtain the controlled record or specialist decision.			

19.3 Extended leave

Extended leave is governed as part of Appeals, Exceptions and Special Cases. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For extended, leave, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

19.4 Insufficient observation

Insufficient observation is governed as part of Appeals, Exceptions and Special Cases. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For insufficient, observation, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

19.5 Exception governance

Exception governance is governed as part of Appeals, Exceptions and Special Cases. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For exception, governance, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

20 Records, Analytics and Assurance

Records, Analytics and Assurance establishes the requirements, responsibilities and decision rules that apply within this part of Performance Management & Career Development Policy. The rules are interpreted with the document scope, the employee/worker or system context, and any specialist cross-reference that applies.

20.1 Performance records

Performance records is governed as part of Records, Analytics and Assurance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For performance, records, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

20.2 Access and confidentiality

Access and confidentiality is governed as part of Records, Analytics and Assurance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For access, confidentiality, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

20.3 Analytics use

Analytics use is governed as part of Records, Analytics and Assurance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For analytics, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

20.4 Bias monitoring

Bias monitoring is governed as part of Records, Analytics and Assurance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For monitoring, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

20.5 Audit and policy review

Audit and policy review is governed as part of Records, Analytics and Assurance. Performance decisions must be based on role-relevant evidence, consistent standards and documented manager judgment.

For audit, policy, review, the recorded employment category, current role, manager relationship and approved effective dates must be checked before a decision is finalized. A rating, promotion or improvement action is not justified by tenure, visibility or a single isolated outcome without considering sustained performance and role expectations.

- Employees maintain goals, provide evidence and participate in feedback.
- Managers give timely feedback and document judgments.
- Exceptions must be documented in the controlled workflow and may not be created by custom team practice.
- Where a verified external or client requirement is stricter, People & Culture or the specialist owner determines the applicable treatment.

HR-PM-08-AA Performance and Career Definitions

Term	Controlled meaning
Worker	Umbrella term covering employees and non-employee workers with an Aurelius work relationship or approved access.
Employee	Worker in RFT, RPT, or FXT category. Interns, apprentices, contractors, consultants, temporary staff, and vendor personnel are not called Employees unless a specific engagement record explicitly says otherwise.
Non-Employee Worker	Worker in INT, APP, CTR, CNS, TMP, or VND category for registry purposes.
People Manager	Manager with formal direct reports in PeopleHub. A project lead is not automatically a People Manager.
Line Manager	The PeopleHub-recorded manager responsible for routine people approvals and supervision.
Exception	Prospective, documented, time-bounded authorization to deviate from a stated internal requirement under an approved process.
Record	Information retained as evidence of a business decision, transaction, approval, obligation, incident, or controlled activity.
Source of Truth	Designated authoritative system or controlled document for a particular fact or process. Convenience copies do not override it.

HR-PM-08-AB Goal-Setting Checklist

Use this checklist as an execution aid. It does not create an exception or replace an approval required by the controlling section.

- Confirm the request or event is within the scope of Performance Management & Career Development Policy.
- Verify the authoritative worker, system, vendor, expense, incident or model record before taking action.
- Identify conditions that change the rule, including employment category, band, data classification, risk level, location, client assignment or service criticality.
- Obtain independent approval and specialist concurrence where the policy requires it.
- Record the decision, evidence, exception conditions and any expiry or follow-up date in the designated system.
- Escalate unresolved conflicts to the Policy Owner rather than creating a local workaround.

Appendices - continued

HR-PM-08-AC Calibration Facilitator Checklist

Use this checklist as an execution aid. It does not create an exception or replace an approval required by the controlling section.

- Confirm the request or event is within the scope of Performance Management & Career Development Policy.
